SOUTH AMERICA and SOUTH ATLANTIC Areas

- FG73 [Tucumán, Argentina](#) (7 Jan 2019)
- FH18 [Jicamarca, Peru](#) (9 Jan 2019)
- FI97 [Boa Vista, Brazil](#) (SKYMAP 9 Jan 2019)
- GD18 [Port Stanley, Falkland Islands](#) (8 Jan 2019)
- GG77 [Cachoeira Paulista, Brazil](#) (9 Jan 2019)
- GI77 [Sao Luiz, Brazil](#) (9 Jan 2019)
- GJ51 [Belem, Brazil](#) (20 Dec 2018)
- HI06 [Fortaleza, Brazil](#) (9 Jan 2019)

AFRICA

- JF95 [Hermanus, South Africa](#) (9 Jan 2019)
- KF36 [Grahamstown, South Africa](#) (9 Jan 2019)
- KG02 [Louisvale, South Africa](#) (19 Dec 2018)
- KG57 [Madimbo, South Africa](#) (26 Dec 2018)

AUSTRALIA and SOUTH PACIFIC

- OG78 [Learmonth, Australia](#) (9 Jan 2019)
- OTHER [Australian, New Zealand and Antarctic Ionograms](#) (9 Jan 2019)

LIST OF ACTIVE IONOGRAMS BY GRID and AREA

Updated by K1SIX on 25 Jan 2019

AUDITS¹

*In the past I have found it quite difficult to manage a list of active Ionograms. Sometimes the server is down, they come and go and are sometimes moved to another location. Therefore, from time to time I will perform an audit and place the latest date of an active Ionogram in brackets next to the station. The most recent overall audit occurred on **9 Jan 2019**. Stations with no date shown have not yet been audited. Stations that have not been active for the past six months will be removed from this list and show an audit date in bold red if they have not reported in the past 3 months.*
